

A summary of the final event:

The celebratory final event for the European Day of Integrated Sport took place on the 24th of October, 2015 in the Braun Arena located in the Weiding, Germany. The Volkshochschule im Landkreis Cham e.V. represented the project and the activities during the event with a stand. Athletes, who took part in the event on the 23rd May, were also present at the event. Wera Müller, an athlete from Sassari, took part in the roundtable which included invigorating exchange of information between visitors and local, regional politicians. The European Day of Integrated Sport stand drew special attention being one of the few groups there focusing their efforts on integrated sports. It was possible during the event to speak with organisations representing disabled persons and local authorities in order to raise awareness of the project and also to discuss the integrated sport handbook of rules. A couple hundred visitors attended the one day event and many were interested in learning about the past event and the rules which were developed. Of course a highlight was the European Day of Integrated Sport calendars and photo books. The event served not only a concluding celebration for the project activities, but also a beginning for new project collaborations in the area of integrated sport.
